3. Personal Data Questions

YES NO

1. Do you have a medical condition which in any way impairs or limits your ability to practice your profession with reasonable skill and safety? If yes, please explain..... ☐ ☐
“Medical Condition” includes physiological, mental or psychological conditions or disorders, such as, but not limited to orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional or mental illness, specific learning disabilities, HIV disease, tuberculosis, drug addiction and alcoholism.
 1a. If you answered “yes” to question 1, please explain whether and how the limitations or impairments caused by your medical condition are reduced or eliminated because you receive ongoing treatment (with or without medications).
 1b. If you answered “yes” to question 1, please explain whether and how the limitations and impairments caused by your medical condition are reduced or eliminated because of your field of practice, the setting or the manner in which you have chosen to practice.
 (If you answered “yes” to question 1, the licensing authority (Board/Commission or Department as appropriate) will make an individualized assessment of the nature, the severity and the duration of the risks associated with an ongoing medical condition, the treatment ongoing, and the factors in “1b” so as to determine whether an unrestricted license should be issued, whether conditions should be imposed or whether you are not eligible for licensure.)
 2. Do you currently use chemical substance(s) in any way which impairs or limits your ability to practice your profession with reasonable skill and safety? If yes, please explain..... ☐ ☐
“Currently” means recently enough so that the use of drugs may have an ongoing impact on one’s functioning as a licensee, and includes at least the past two years.
“Chemical substances” includes alcohol, drugs or medications, including those taken pursuant to a valid prescription for legitimate medical purposes and in accordance with the prescriber’s direction, as well as those used illegally.
 3. Have you ever been diagnosed as having or have you ever been treated for pedophilia, exhibitionism, voyeurism or frotteurism?..... ☐ ☐
 4. Are you currently engaged in the illegal use of controlled substances?..... ☐ ☐
“Currently” means recently enough so that the use of drugs may have an ongoing impact on one’s functioning as a licensee, and includes at least the past two years.
“Illegal use of controlled substances” means the use of controlled substances obtained illegally (e.g., heroin, cocaine) as well as the use of legally obtained controlled substances, not taken in accordance with the directions of a licensed health care practitioner.
- Note:** If you answer “yes” to any of the remaining questions, provide an explanation and certified copies of all judgments, decisions, orders, agreements and surrenders. The Department does criminal background checks on all applicants.
5. Have you ever been convicted, entered a plea of guilty, nolo contendere or a plea of similar effect, or had prosecution or sentence deferred or suspended, in connection with:
 - a. the use or distribution of controlled substances or legend drugs?..... ☐ ☐

RCW 18.130.170 Capacity of license holder to practice—Hearing—Mental or physical examination—Implied consent.

(1) If the disciplining authority believes a license holder or applicant may be unable to practice with reasonable skill and safety to consumers by reason of any mental or physical condition, a statement of charges in the name of the disciplining authority shall be served on the license holder or applicant and notice shall also be issued providing an opportunity for a hearing. The hearing shall be limited to the sole issue of the capacity of the license holder or applicant to practice with reasonable skill and safety. If the disciplining authority determines that the license holder or applicant is unable to practice with reasonable skill and safety for one of the reasons stated in this subsection, the disciplining authority shall impose such sanctions under RCW 18.130.160 as is deemed necessary to protect the public.

(2)(a) In investigating or adjudicating a complaint or report that a license holder or applicant may be unable to practice with reasonable skill or safety by reason of any mental or physical condition, the disciplining authority may require a license holder or applicant to submit to a mental or physical examination by one or more licensed or certified health professionals designated by the disciplining authority. The license holder or applicant shall be provided written notice of the disciplining authority's intent to order a mental or physical examination, which notice shall include: (i) A statement of the specific conduct, event, or circumstances justifying an examination; (ii) a summary of the evidence supporting the disciplining authority's concern that the license holder or applicant may be unable to practice with reasonable skill and safety by reason of a mental or physical condition, and the grounds for believing such evidence to be credible and reliable; (iii) a statement of the nature, purpose, scope, and content of the intended examination; (iv) a statement that the license holder or applicant has the right to respond in writing within twenty days to challenge the disciplining authority's grounds for ordering an examination or to challenge the manner or form of the examination; and (v) a statement that if the license holder or applicant timely responds to the notice of intent, then the license holder or applicant will not be required to submit to the examination while the response is under consideration.

(b) Upon submission of a timely response to the notice of intent to order a mental or physical examination, the license holder or applicant shall have an opportunity to respond to or refute such an order by submission of evidence or written argument or both. The evidence and written argument supporting and opposing the mental or physical examination shall be reviewed by either a panel of the disciplining authority members who have not been involved with the allegations against the license holder or applicant or a neutral decision maker approved by the disciplining authority. The reviewing panel of the disciplining authority or the approved neutral decision maker may, in its discretion, ask for oral argument from the parties. The reviewing panel of the disciplining authority or the approved neutral decision maker shall prepare a written decision as to whether: There is reasonable cause to believe that the license holder or applicant may be unable to practice with reasonable skill and safety by reason of a mental or physical condition, or the manner or form of the mental or physical examination is appropriate, or both.

(c) Upon receipt by the disciplining authority of the written decision, or upon the failure of the license holder or applicant to timely respond to the notice of intent, the disciplining authority may issue an order requiring the license holder or applicant to undergo a mental or physical examination. All such mental or physical examinations shall be narrowly tailored to address only the alleged mental or physical condition and the ability of the license holder or applicant to practice with reasonable skill and safety. An order of the disciplining authority requiring the license holder or applicant to undergo a mental or physical examination is not a final order for purposes of appeal. The cost of the examinations ordered by the disciplining authority shall be paid out of the health professions account. In addition to any examinations ordered by the disciplining authority, the licensee may submit physical or mental examination reports from licensed or certified health professionals of the license holder's or applicant's choosing and expense.

(d) If the disciplining authority finds that a license holder or applicant has failed to submit to a properly ordered mental or physical examination, then the disciplining authority may order appropriate action or discipline under RCW 18.130.180(9), unless the failure was due to circumstances beyond the person's control. However, no such action or discipline may be imposed unless the license holder or applicant has had the notice and opportunity to challenge the disciplining authority's grounds for ordering the examination, to challenge the manner and form, to assert any other defenses, and to have such challenges or defenses considered by either a panel of the disciplining authority members who have not been involved with the allegations against the license holder or applicant or a neutral decision maker approved by the disciplining authority, as previously set forth in this section. Further, the action or discipline ordered by the disciplining authority shall not be more severe than a suspension of the license, certification, registration or application until such time as the license holder or applicant complies with the properly ordered mental or physical examination.

(e) Nothing in this section shall restrict the power of a disciplining authority to act in an emergency under RCW 34.05.422(4), 34.05.479, and 18.130.050(7).

(f) A determination by a court of competent jurisdiction that a license holder or applicant is mentally incompetent or mentally ill is presumptive evidence of the license holder's or applicant's inability to practice with reasonable skill and safety. An individual affected under this section shall at reasonable intervals be afforded an opportunity, at his or her expense, to demonstrate that the individual can resume competent practice with reasonable skill and safety to the consumer.

(3) For the purpose of subsection (2) of this section, an applicant or license holder governed by this chapter, by making application, practicing, or filing a license renewal, is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and further to have waived all objections to the admissibility or use of the examining health professional's testimony or examination reports by the disciplining authority on the ground that the testimony or reports constitute privileged communications.

NOTES:

Severability—1987 c 150: See RCW 18.122.901.

Severability—1986 c 259: See note following RCW 18.130.010.

RCW 18.130.180 Unprofessional conduct. The following conduct, acts, or conditions constitute unprofessional conduct for any license holder or applicant under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice any health care profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority;

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding; or

(d) Not providing reasonable and timely access for authorized representatives of the disciplining authority seeking to perform practice reviews at facilities utilized by the license holder;

(9) Failure to comply with an order issued by the disciplining authority or a stipulation for informal disposition entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment,

procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action, or by the use of financial inducements to any patient or witness to prevent or attempt to prevent him or her from providing evidence in a disciplinary proceeding;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards.
